**Diploma in Applied Sciences (Anaesthetic Assistant)**  
**Training Qualification UK (TQUK) level 5**  
**16/7/2021 – 21/8/2021 (Full Time Programme)**

### Course overview

Hong Kong Society of Professional Medical Care (HKSPMC) is accredited by Hong Kong Nursing Council as a provider of continue nursing education. Diploma in Applied Sciences (Anaesthetic Assistant) is an added value course for certified phlebotomists to advance their career in healthcare with this higher-level qualification. The health sector is experiencing strong job growth and this course will give you the specialized skills you need to gain employment as an **Anaesthetic Assistant**.

You will be able to confidently assist the anaesthetist in preparing the patient for their anaesthetic, this will include checking and maintaining the anaesthetic machine, preparing anaesthetic medications, monitoring clinical measurements, assisting with airway management techniques and anticipating and responding to any anaesthetic emergency. Our medical specialists will guide you every step of the way to ensure your transition into the operating theatre is a success.

We have our own designated learning space with state-of-the-art manual defibrillator, vital signs monitors, difficult intubation equipment, and simulator mannequins, which will prepare you for real-world situations while under the supervision of our medical specialists.
