Hong Kong Society of Professional Medical Care

國際創傷生命支援術(高級)課程
International Trauma Life Support (ITLS-Advanced)
Provider Course
15 October & 31 October 2024

Introduction:

Hong Kong Society of Professional Medical Care (HKSPMC) was established in 2004 as a non-governmental voluntary organization (NGO) as well as a government-recognized non-profit charitable institution. HKSPMC are also having an internationally accredited training centre for trauma life support, **Hong Kong Chapter - Hong Kong Emergency Medical Services Corps (HKEMSC).**

Course Intended Learning Outcomes:

It covers a wide range of topics related to trauma assessment and management, including airway management, hemorrhage control, spinal immobilization, and patient transportation. The course emphasizes a systematic approach to trauma care and provides participants with the knowledge and skills necessary to provide effective and efficient care to trauma patients in the pre-hospital setting.

Course Features:

The course combines theory and practical training, and tests participants' handling of situations in order to achieve a balance between theory and practice, thereby enhancing their ability to make appropriate diagnoses and manage trauma patients.

Target Audience:

Physicians, Nurses, Emergency Medical Personnel, NREMT, EMA and Air ambulance crew
English reading skills are required (exams and notes are in English-only mode).
